GREETINGS

Dear Friend,

It is with great appreciation that we present this Fall 2020 Donor Report.

Eight year old Sara, who comes every week to the Frisco Hebrew School, has a place to be proud and celebrate her Judaism thanks to your investment in her Jewish education.

Abe, who is a senior and is unable to leave his home for health concerns, thanks you for making sure he was not forgotten about.

2020 was a difficult year, and we are stronger because we are together.

May the year of 2021 bring with it happiness, moments of connection, and togetherness. May 2021 be a year of tremendous growth for our community allowing us to be there for each other in an even more profound way.

With Appreciation,

Rabbi Mendy and Mushkie Kesselman

ZOOMING IN ON YOUR IMPACT

We wanted to take a minute and zoom in on the direct impact your contribution has on the individuals in our community.

This Chanukah a Hebrew School mom reached out and said she wanted to give Chanukah gifts to a family who may need the extra love this year. We connected her with a family and she went above and beyond showering this family with more gifts than you can imagine. The recipients were so touched. I don't want to share more to protect privacy but it was a moment I will forever feel grateful to help facilitate. The givers friends then called and asked if he can do the same, and showered single mom with gifts in the most generous way. These moments are when we are able to step back and say that this community grew beyond anything we imagined. It's people coming together and giving and connecting in beautiful ways. Covid has made it hard, but the connection is still there.

From our Inbox

You are a blessing to our community, thank you so much for your good heart and endless dedication with patient, care and love.

And we are so thankful for you and everything you do for these kids! I'm so grateful for all of the thought and love poured into every lesson! Thank you so much!
